

Tigerair Taiwan Fare Conditions

■ Taxes and charges

This is the portion of the total airfare above the base fare that is payable by each passenger. It is calculated with reference to the applicable Government taxes and airport charges that are payable by Tigerair Taiwan in respect of passengers being carried on a particular route together with any administrative or other fees imposed by the airline.

Government Tax - This is a governmental departure or arrival tax which is collected by the airline and payable to the relevant governmental authorities. These taxes vary from country to country and in some cases are collected locally on departure and not by the airline.

The amounts are provided for guidance only and we reserve the right to amend our fees at any time.
